

High Security Guest Safe Range

At Yale, we pride ourselves in protecting the things that matter the most to your guests. The High Security Guest Safes will keep their most important belongings secure and safe with a laser cut door for protection against attacks and with a guest pin code, they are able to gain quick access to the safe.

If guests leave the safe locked then the master-code or over-ride key can be used to gain quick entry to the safe once again.

The internal light gives clear visibility of their valuables and the internal hooks making it convenient for them to keep things organised and clearly displayed.

Whether guests want to protect documents to sentimental belongings such as jewellery, we have the right safe to suit their needs.

They Value it, We Protect it.

Box contains:

- 1 x Safe
- 1 x key
- 4 x AA batteries
- 1 x Pack of fixing bolts for securing the safe to wall or floor
- 1 x User manual / fitting instructions
